

Are You A Teen Driver?

- ✓ Are you 16 or 17 years old?
- ✓ Do you have a PA state learner's permit or have held a PA state junior driver's license for less than 90 days?

If so, you may be eligible to participate in a teen driving research study!

The Center for Injury Research and Prevention at The Children's Hospital of Philadelphia is looking for teens with a learner's permit or junior license to participate in a driving simulator study. This study will:

- take up to 3 hours of your time
- take place in a driving simulator
- involve your parent/legal guardian completing several surveys
- be scheduled at a time convenient for you
- provide compensation for participants

For more information or to enroll in the study please call us:

(888) 535-2477, Option 6
